

## MA in Writing, Rhetoric, and Social Change (WRSC)

### Plan A (Thesis)

| Requirement                                                                  | Credit Hours |
|------------------------------------------------------------------------------|--------------|
| E501 Theories of Composition                                                 | 3            |
| E600B Research Methods/Theory: Writing Studies                               | 3            |
| E603 Critical Digital Rhetoric                                               | 3            |
| E633 Special Topics in Writing and Rhetoric                                  | 3            |
| E637 Histories of Writing and Rhetoric                                       | 3            |
| E692 Seminar in Writing, Rhetoric, & Social Change (Colloquium) <sup>1</sup> | 2            |
| E699 Thesis                                                                  | 6            |
| Elective Courses <sup>2</sup>                                                | 9            |
|                                                                              |              |
| Total                                                                        | 32           |

### Plan B (Research Project)

| Requirement                                                                  | Credit Hours |
|------------------------------------------------------------------------------|--------------|
| E501 Theories of Composition                                                 | 3            |
| E600B Research Methods/Theory: Writing Studies                               | 3            |
| E603 Critical Digital Rhetoric                                               | 3            |
| E633 Special Topics in Writing and Rhetoric                                  | 3            |
| E637 Histories of Writing and Rhetoric                                       | 3            |
| E692 Seminar in Writing, Rhetoric, & Social Change (Colloquium) <sup>1</sup> | 2            |
| E698 Research Project                                                        | 2            |
| Elective Courses <sup>2</sup>                                                | 15           |
|                                                                              |              |
| Total                                                                        | 34           |

### Notes:

1. E 692 must be taken twice, for a total of 2 credits. You attend this colloquium every semester (selected Mondays from 4-7PM) but only register in spring semesters.
2. Elective courses may not include courses used to satisfy other requirements for this program. Up to 9 credits may be taken in outside departments in consultation with your advisor. Courses outside the department must be taken at the 300, 400, 500, or 600 level. A maximum of 2 credits of E 695 (Independent Study) may count toward graduation. Graduate students may register for any number of internship credits, but a total of only six credits of E 684A-E 684E and E 687A-E 687M (combined) will count toward graduation requirements.
